

IPOKRATES Foundation Clinical Seminar

Comprehensive Care for the Brain of the Newborn Infant

Porto, Portugal
April 10 - 12, 2014, starts at 8:00 am

Objectives

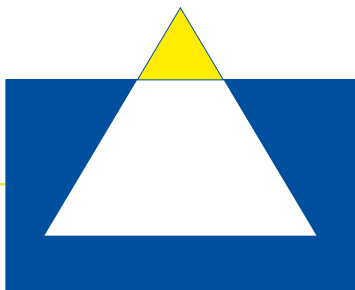

IPOKRATES seminars provide high-quality postgraduate education, which enables professionals to keep abreast on the most recent developments, and offers participants the opportunity to discuss clinical problems and scientific issues personally with international experts. This seminar offers a comprehensive update on important aspects of pathophysiology, clinical assessment, management and care of the brain in the premature and mature newborn.
